

LEGAL TECHNOLOGY PLATFORM INITIATIVE (LTPI)

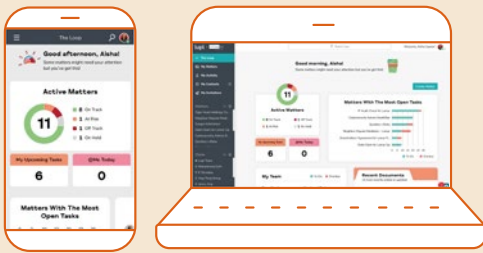

The LTPI is a key initiative under the Ministry of Law's ("MinLaw") Technology and Innovation Roadmap. It supports Singapore law firms to kickstart their digitalisation journey through three key thrusts:

1 The **Legal Technology Platform (LTP)**, a matter management and collaboration tool co-developed by MinLaw and its technology partner [Lupl](#).

2 The **LTPI Funding Programme** to defray the initial costs of adopting the LTP and solutions integrated with it.

3 **Ongoing Industry Engagement** to continuously test and provide feedback on the LTP.

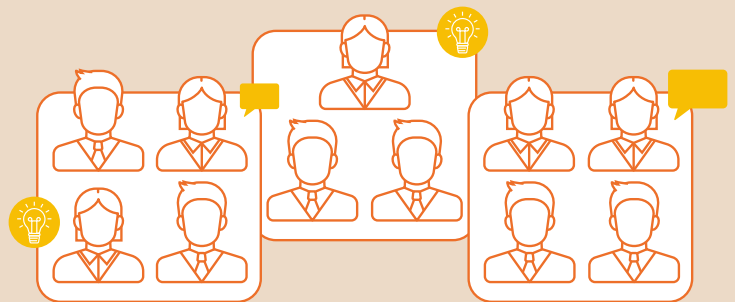

Benefits of the LTP

- **Streamlines and tracks your legal workflows** to help you focus on more substantive legal work
- **Consolidates information and correspondences** in a single view
- **Coordinates your legal work across platforms** (e.g. email, Slack and WhatsApp)
- **Manages your firm's knowledge and precedents** using the built-in matter templates
- **Enhances your access to key features of existing Legal Tech tools** (e.g. Tesseract, Clio, TessaCloud, NetDocuments)
- **Enhances your access to digital systems by public agencies and the Singapore Courts** (e.g. ACRA, eLitigation, Sign with SingPass, and more to come)

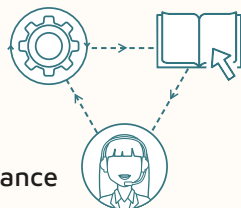

How was the LTP developed? How secure is it?

- The LTP was developed after consulting over 100 lawyers from small and medium Singapore law firms
- An Industry Engagement and Advisory Group (IEAG) comprising early LTP adopters will continuously test and provide feedback
- The LTP incorporates the security and data privacy requirements of leading law firms and in-house legal departments
- It complies with the requirements of applicable laws and regulations, including Singapore's PDPA and the EU's GDPR
- The data of Singapore users is hosted in Singapore, with data masking and access controls

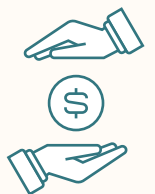

What about upgrading, maintenance and troubleshooting?

- 24/7 technical helpline
- Dedicated team to train and get you started
- Automatic upgrades with maintenance and security patches

How much will it cost? Any grants available?

- The subscription cost of the LTP is S\$69 per user per month (before grant)
- Eligible Singapore law firms can apply for funding support under the LTPI Funding Programme, with support available for up to two years

How do I subscribe to the LTP? How can I apply for the grant?

- To subscribe to the LTP, visit www.ltpi.mlaw.gov.sg or sg.lupl.com
- To apply for the LTPI Funding Programme, submit an application for the Productivity Solutions Grant (PSG) on the [Business Grant Portal](#)
- View a step-by-step guide for grant application [here](#)
